

2005 APNS Private Practice Directory

This Directory is distributed to health professionals and organisations around the province. It is also used to provide information for the numerous phone inquiries APNS receives re: private practitioners. The Directory will also be available on our website www.apns.ca The Directory contains specific information regarding individual psychologists as well as a brief description of APNS and the functions of NSBEP, a notice that psychologists' fees are not covered by MSI, a description of third party coverage, and information on accessing community resources.

In addition, a disclaimer informs consumers that

- the information listed is provided by the practitioners themselves,
- b) that a fee is charged for the listing,
- c) that APNS does not certify competence for the areas specified by the practitioner nor does APNS necessarily endorse their claims, and
- d) that there may be other equally competent psychologists in the province who are not listed in the directory.

If you are currently in private practice and would like to be listed in the 2004 issue of the APNS Private Practice Directory, please respond to the following questions as they pertain to your individual private practice only, not to that of any associates with whom you work.

Submit this form along with the appropriate listing fee (APNS members: \$120/year; Non-members: \$240.00/year).

Please make cheques payable to APNS P.P. Directory and **RETURN BEFORE May 31, 2005**, to APNS PPD, Ste 417 ,1657 Barrington Street, Halifax, NS B3J 2A1.
